About the Company

IBO mart Private Limited is a new venture in the home building space and is promoted by 40,000 cr. strong Private Equity fund: WestBridge Capital.

WestBridge has invested and helped build more than 100 companies in the consumer and home building industries in India. These include Kajaria, Greenlam, Greenply, Havells, Astral in building materials, and Axis Bank, Britannia, Café Coffee Day, and Indigo Airlines among others. They are backing Ebo Mart to create the next big transformation in the building material space.

IBO Mart is a multi-brand & multi-category retail company that will service customers (retailers, influencers, and end-customers) through various channels including a sales and distribution vertical for retailers and influencers. IBO JavaScript Developers Hiring Challenge 2022 MCQs Questions is entering its launch phase and is in the process of aggressively hiring the best talent from the industry.

CORE CUSTOMER PROPOSITION

At IBO, customer satisfaction is key. We offer the widest selection, best prices, faster delivery, and easy returns to stitch a seamless shopping experience for all our customers – from retailers, contractors to homeowners. We ensure convenient customer touchpoints through every step of their buying journey.

POWERED BY TECHNOLOGY

We are a tech-enabled omnichannel venture leveraging technology to create simpler, meaningful, and hassle-free shopping experiences for all our customers. Also, we are ensuring our customers have the comfort of multiple touchpoints to interact with us via the app, website, and store. We will leverage data to build an agile supply chain, enhanced product catalog, and transparency in pricing in the home improvement space.

We are India's largest home building & improvement destination for retailers, contractors, technicians, architects, and homeowners. IBO is a multi-category & multi-brand format, where customers can shop from our offline stores present nationally and/or from our e-commerce store.

We are now hiring **Software Engineers(JavaScript)** for our Bangalore-based location.

Tips by Our Experts

IBO conducts Online hackerearth Tests for its Recruitment interviews. Hence there is no option to go back to the previous question. Moreover, you cannot skip answering any question. This raises the difficulty level, as professionals are answering more questions will get higher marks. Hence it is strongly advised to not linger more than 60 seconds on any question. It should be noted that there is no fail or pass in a Hackerearth Test. Even by answering lesser questions, you have a high chance of doing well. But make sure to not enter the wrong answer.
